WORK EXPERIENCE

Assistant Manager-Finance | ALLEN Career Institute, Kota

(May 2025 - Present)

(Established in 1988, ALLEN is one of India's largest education institutions in India, serving over 3 lakh students annually across 60+ cities, specializing in coaching for engineering, medical, and other competitive examinations, with expanding operations in India and overseas.)

- **Process Automation (Python & Google Apps Script):** Automated MSME Form-1 filing, built ML-based bank narration tagger (90%+ accuracy) for Cash MIS, and developed a Google Apps Script toolkit covering ISD, Prepaid amortisation, FD interest, auto-confirmation emails, travel-desk coordination and bulk PDF data extraction — eliminating manual data entry and follow-ups.
- **Oracle ERP – SPOC & Implementation Lead:** Served as SPOC for Oracle ERP rollout; led design of Chart of Accounts, Fixed Asset Register and Tax structures; coordinated with Implementation Partner and IT team for FA movement software integration.
- **MIS & Analytics:** Owned end-to-end data pipeline from cleaning to production-ready dashboards covering travel, student, revenue and geographic data — used for strategic decisions.
- **Financial Reporting & Corporate Taxation:** Prepared standalone and consolidated financials for Indian as well as GCC entities (UAE / Bahrain / Oman) and their draft Corporate Tax calculations.
- **Lease Accounting (Ind AS 116):** Modelled 400+ leases including modifications and terminations in Excel — computing ROU assets, lease liabilities and P&L impact without specialised software.
- **Audit Support (Statutory & Cost):** Point of contact for resolving statutory and cost auditor queries across provisions, other expenses, leases, RPT and associated schedules; prepared FD, Loan & Advances and cost audit inputs end-to-end.

Raj Ratan Tours & Travels, Indore

(Jan 2025 - Apr 2025)

(Established in 2004, a leading inter-city bus service provider based in Indore, operating 40+ luxury and standard coaches across multiple states with focus on safety, reliability, and passenger comfort.)

- **Automation & System Development:** Built Excel-based tools for Trip Sheet automation (General, Summary, Diesel, Mileage), developed Excel-to-Tally import utility for accurate accounting, designed a linked database for driver & cleaner tracking (advances, allowances, expenses), and created **auto-generated “Luggage Statement for Agents”** to streamline receivables and payables.
- **Team & Talent Development:** Assisted in hiring CA & MBA candidates — covering job promotion, screening, interviews and designing Excel-based case studies and technical assessments; trained staff on Advanced Excel (PivotTables, VLOOKUP) and introduced AI tools (ChatGPT) to enhance reporting, query resolution and daily workflow efficiency.
